WOMAN IN DESPERATE

FIGHT WITH A BURGLAR

Ruthlessly kicking the infant child
across the room, a burly stranger, at
about 1 o'clock this afternoon, vicious-
ly attacked Mrs. Mabel Norton at her
home, immediately north of the Epis-
copal church, on Grant avenue, and
threw her violently upon the floor,
wrenching her arms about the should-
ers by pinning them to her back.
Mrs. Norton had stepped over to a
neighbor's for a few moments, and
while there noticed a man enter her
home. She thought her husband had
come for lunch and she hurried back.
When she entered the front room, she
placed the baby on the floor, and went
into the kitchen. She then returned
to the front room, and as she did so,
the stranger wielded a large piece of
sausage and struck her a vicious blow
on the head. She grappled with the
man, scratching and fighting as best
she could. In the scuffle the front
window was broken. She screamed
for help but got no response.

The only blood drawn up to the
time of striking the window was by
the plucky little woman, who gave the
intruder a severe blow when she got
hold of a metal vibrator and struck
him in the back of the head. At this
the fellow made his getaway through
the front door and disappeared in the
crowd on the sidewalk, blood stream-
ing down his face.

The fellow evidently entered the
house for the purpose of robbery, as
Mrs. Norton discovered, after the
struggle, that he had ransacked the
bureau drawer and, as she approach-
ed him from the kitchen, she saw
him throw her gold watch on the bed.
It was also discovered that the fellow
carried away one of Mrs. Norton's cuff
buttons which had been left on the
bedroom.

Mrs. Norton says the fellow seem-
ed to be a working man, as his hands
were soiled and the sleeves of her
white waist were marked where he
grabbed her. He is of medium size,
rather dark, wore a dark slouch hat,
well pulled down over his eyes, and
had on dark clothes.

There were at least a score of men
on the sidewalk and street in front
of the Norton residence when the at-
tack was made and Mrs. Norton says
she screamed for help at the top of
her voice, the front door being open,
and it was not difficult to be heard.
However, the men paid no attention
to her outcries and did not attempt
to halt the man as he ran from the
place.

Next Monday the board will receive
bids for the construction of a new
school house at Warren, and also for
a new heating plant at the North Og-
den school.

DR. C. F. OSGOOD'S

DIAMOND RING DISAPPEARS

A diamond ring, said to have been
worn by the late Dr. C. F. Osgood on
the day he was murdered by Heber
Burch, is missing.

The ring, which many of Dr. Os-
good's friends remember on account
of his having worn it almost con-
tinuously for several years, was
valued at nearly \$1000.

An investigation is now being made
by the city detectives and while one
theory is that the ring was torn from
the doctor's finger by a ghoul during
the excitement following the murder,
it is thought that it may yet be lo-
cated among his other effects. The
ring was seen on Dr. Osgood's finger
Tuesday afternoon, shortly before he
met his tragic death.

AL. G. BARNES CIRCUS HOLDS ATTENTION OF CHILDREN

The Al G. Barnes circus arrived in
the city early this morning on a spe-
cial train over the Oregon Short Line,
bringing delight to several hundred
school children who were on the cir-
cus grounds at Twenty-seventh street
and Grant avenue at the first peep of
dawn to watch the work of building
the tent city. More youngsters and
many grownups visited the grounds as
the day progressed and, long before
the parade hour, the downtown streets
were filled with people from all parts
of the city and the suburban districts.

The parade did not get going until
nearly noon, due to unavoidable de-
lays, but the crowds viewed it as it
passed along Washington avenue and
counter-marched on Twenty-fourth
and Twenty-fifth streets. In open
cages, forming a line two blocks long,
were animals from many parts of the
world, lions, tigers, leopards, cougars,
monkeys, seals, bears and others.
Aside from these, there were zebras,
yaks, elephants, shetland ponies, cam-
els and horses, which were ridden or
driven through the streets.

CANNOT SHOW ON HUDSON AVENUE

The city board of commissioners
this morning denied the petition of
business men on Hudson avenue to
permit the Campbell Carnival company
to use a part of the avenue between
Twenty-fourth and Twenty-fifth
streets, for show purposes, on the
grounds that the show would be a
dangerous menace in case of fire, and
also, that the street is rather narrow
and to permit concessions along the
curb line would congest travel.

The petition of property owners for
water main extension on Eighth
street, between Jefferson and Mad-
ison avenues, was also denied. Com-
missioner M. L. Jones reported ad-
versely on the petition on the grounds
that the street had not been dedi-
cated to the use of the city.

City Engineer Joseph Tracy pre-
sented the board with plans and specifi-
cations for the paving of Twenty-sixth
street, between Washington and
Madison avenues. He was directed
to advertise for bids from contractors.

nue, has been authorized to accept

on the verge of starvation. They are
Christians and have suffered at the
hands of the Turks.

RECALLS WRECK OF CANYON CARS

Today in Judge Nathan J. Harris'
division of the district court was tak-
en up the \$25,000 damage suit of Mer-
lin Stephens, by his guardian, against
the Ogden Rapid Transit company
which claims to mind the disastrous col-
lision of electric cars at the mouth of
Ogden canyon, July 4, 1913.

The plaintiff, who is a small boy,
alleges that in the collision he was
badly and permanently injured about
the left thigh and the right leg. He
asks for damages in the sum of \$25-
000.

The defendant company does not
deny the liability but contends that
\$25,000 is excessive. A jury is being
empaneled.

SELECTING NEW SUPERINTENDENT

The city board of education held a
special meeting last night and con-
sidered the question of selecting a
new superintendent of schools to suc-
ceed John M. Mills, whose term will
expire on May 30.

Among the men considered for the
position are D. H. Adams, principal of
the Central Junior High school; H. C.
Jackson, Aberdeen, South Dakota, and
Ira B. Fee, superintendent of the
Cheyenne, Wyo., schools.
The school board will continue to
meet nightly until a final choice is
made.

CHILD SUPPOSED TO

HAVE BEEN BITTEN BY MAD COYOTE

This morning Dr. George A. Dickson
administered antirabic vaccine to Sy-
bil Rose, the eight-year old daughter
of Mr. and Mrs. Albert Rose of Kelton,
as a preventive of a possible attack of
rabies. They came to Ogden with the
little girl last evening.

Sunday evening Sybil was playing
in the yard of the Rose home, ac-
companied by her pet dog, when a
coyote made its appearance and soon
was fighting with the home animals.
Mrs. Rose saw the coyote scamper
across the field, the dogs in close pur-
suit, and then her daughter came run-
ning into the house with blood flow-
ing from a wound above the left eye.

While the child did not claim that
the coyote bit her, it seemed impos-
sible that either of the dogs would do
so, except by accident. Mrs. Rose
states that Sybil had a short stick in
her hand and that it is possible that
she caused the wound by striking her
eye in the excitement that followed
the approach of the coyote. The little
one was very much excited and did
not rest well Sunday night.

Twenty-one days is the period in
which rabies develop and Mrs. Rose
will remain here and Dr. Dickson says
the child will be repeatedly treated
with the serum, while watching for
any unfavorable symptoms.

LINER CYMRIC GOES TO BOTTOM

White Star Steamship, Tor-
pedoed by Germans, Carried
No Passengers—
Crew Saved.

New York, May 9.—Denial was
made today at the office of the
White Star line that the torpedoed
liner Cymric was in the service of the
British admiralty, as indicated in the
dispatches of Consul Frost to the
state department. A statement issued
by the line said also that the steam-
er was unarmed.

London, May 9, 11:26 a. m.—Lloyd's
reports that the White Star liner Cy-
mric sank at three o'clock this morning.
All on board were saved.

London dispatches yesterday said
the 13,000 ton steamship Cymric had
been torpedoed by a German subma-
rine. A message from Queenstown last
night said the vessel, torpedoed at
four o'clock Monday afternoon, was
still afloat and was proceeding to an
Irish port. The Cymric left New York
April 29 with a large cargo of war
munitions for Liverpool. She had been
in service as a freighter for several
weeks and carried no passengers. Her
crew numbered about 100 men, none
of whom, it was known at the
White Star offices, in New York, is an
American.

Torpedoed Without Warning.
Washington, May 9.—Messages re-
garding the Cymric from Consul Frost
through the state department said
the vessel was torpedoed at 4 p. m.
yesterday 133 miles west of Fastnet,
that she sank at 3 a. m. today and
that the crew arrived at Bantry at
noon today.
"Cymric cleared New York April 29
without passengers," said one mes-
sage. "Supposed mixed cargo. Ad-
miralty service. Torpedo hit engine
room, killing five out of crew of 107.
Absence of warning inferable."

New York, May 9.—A message re-
ceived at the White Star line offices
here today from the offices in Lon-
don said that the Cymric sank at 3
a. m. This message concluded:
"Believe crew saved." An earlier
cablegram today, the first official
word received by the line's officials

was sent from London night reading:
"Regret to inform you that Cymric
torpedoed noon today. Ship believed
sinking."

Crew's Rescue Not Confirmed.
New York, May 9.—Later the line's
officials stated that they had con-
firmation from other sources that the
crew had been rescued.

Attack Without Warning.
Washington, May 9.—In reporting
the torpedoing of the White Star Lin-
er Cymric to the state department to-
day, American Consul Frost at Queens-
town, said five of her crew of 107
men were killed by the explosion. He
said it appeared that the attack was
made without warning. The survivors,
he reported, will land about noon
today at Bantry.

ROBERT FAY IS GIVEN SENTENCE

New York, May 9.—Robert Fay,
former lieutenant in the German army
convicted in the federal court yester-
day of conspiring to destroy munition
ships of the allies through
bomb contrivances, was today sen-
tenced to serve eight years in the
federal prison at Atlanta.

Walter Scholz, his brother-in-law,
and Paul Daech, also convicted, were
sentenced to serve four years and
two years, respectively. Judge Howe
holding that they did not originate
the conspiracy and deserved less se-
vere punishment than Fay. The three
were also fined \$2 each.

SIR ROGER CASEMENT TRIAL TO BE PUBLIC

London, May 9, 5:45 a. m.—The trial
of Sir Roger Casement, for high trea-
son in connection with the Sinn Fein
rebellion, will be public. The first

hearing will be in Bow Street police
court tomorrow, when a formal charge
will be made before a police magis-
trate. The real trial will be held later
before a panel of the judges of the
high court of justice and a jury.

It is understood that Sir Roger in-
tends to conduct his own defense. The
crown prosecutors have completed their
case.
Lewis Harcourt has declined to suc-
ceed Augustine Birrell as chief sec-
retary for Ireland, giving ill health as
his reason. The choice for Birrell's
successor is now believed to rest
among Harold Tennant, parliamentary
undersecretary of war; Col. Sir Mark
Sykes, member of parliament for Hull,
and Brigadier General John Edward
Seely, former minister of war.
